

DATA AND DIGITAL ANALYST  
POSITION # 14414

The New Hampshire Lottery Commission has an immediate opening for a full-time Data and Digital Analyst. This position will gather, analyze and interpret data for the performance evaluation of lottery products, game programs, and retailers for use in recommending opportunities to improve marketing campaigns, performance of products and business practices. This position is based out of the Concord, New Hampshire Lottery Headquarters.

Minimum qualifications for this position is a Bachelor's degree from a recognized college or university with major study in economics, statistics, accounting, business or public administration, or a bachelor's degree with demonstrated application of quantitative and/or statistical research techniques demonstrated by a minimum of five courses in economics, quantitative techniques, and/or statistics. Each additional year of approved formal education may be substituted for one year of required work experience.

Experience: Four years' experience in the field of economic, statistical, or financial research, business administration, budget analysis, fiscal management, or analytical and statistical techniques. Each additional year of approved work experience may be substituted for one year of required formal education.

The hourly salary range for this position is \$27.01 – \$34.92. The successfully hired candidate must satisfactorily pass criminal background and driver's record checks. For further information on the responsibilities for this position, contact Sharda Rao, HR Administrator at (603) 271-7132 or email at: [Sharda.B.Rao@lottery.nh.gov](mailto:Sharda.B.Rao@lottery.nh.gov)
